Subject: WOW....what a start to the weekend...
Importance: High

Wow,

What a fantastic start to our weekend of evangelical outreach....Richard Kiser and Jimmy Davis delivered a wonderful testimony time with music, fellowship and song last evening during our Men's Dinner. What a spectacular preview of things to come!!!! I encourage each one to take time today to pray for the Lord's blessing on this evening's concert and tomorrow's worship service. The message presented this weekend will change lives and deliver a blessing to everyone in attendance. I hope each of you plan on attending the powerful events this weekend and bring your family and friends...you will not be disappointed. Don't miss out on the special weekend with Richard and Jimmy as I am certain the Lord has a blessing appointed for you. ☺

Don't forget the fellowship picnic tomorrow after Discovery Time...please bring a side dish, salad, desert or chips to share. The weather should be perfect and the mini concert will top off the lunch. We look forward to a wonderful time of fellowship with each of you! Hopefully, our Honduras team will be in attendance to share what the Lord accomplished through their mission outreach!

Please do your part to support the outreach this weekend....PRAY & PARTICIPATE in what the Lord is doing at Fellowship Chapel during this season! It's not about "me (us)", it's about HIM and what HE can do through our "Life

House by the Fire House!"

Can you feel the joy of the Lord today? If not, come out tonight and regain a smile to uplift your spirits! If nothing else, you can see the newly lighted steeple and stairways! It's a win-win!

See you tonight @ 7PM!

God Bless!
